3) Carry on along this road for exactly 3km when you will enter the first little village. At the 3km mark you will see a road on your left-hand side, turn **LEFT** onto this road. (Pic3 & Pic4)

4) After 400m you will see a road on the right with a sign indicating that you have to turn right here to Shalati and Hluvukane. **DO NOT TAKE THIS TURN OFF.** (Pic5) If you take this road you will end up in Hluvukane, which is fine, as you would then just have to follow the tar road to Shalati. **However, this does not take you through the villages.**

5) Pass Welverdiend Clinic on left-hand side, and pass through Welverdiend Village.

6

6) When you reach the Welverdiend School on your right-hand side (1.9km after turning left), you will see a road turning off to the right, between the school and Jakaranda General Dealer. Turn **RIGHT** onto this road. (Pic6, Pic7 & Pic8)

7) After about 400m the road automatically turns left. Just carry on this road - **DO NOT go straight.**

9

8) Carry on for exactly 3.8km's where you will see Manyeleti Game Reserve's fence on your left-hand side. This is an important beacon to show you are still on the right road. (Pic9)

10

9) After another 2 km's you will see the Muchuchi Primary School on your **left**-hand side. (Pic10)

10) Just after the school you will pass through another small village. **Just carry on straight.**

11) Another 1.5km's further you will see a soccer field on your left-hand side. Just carry on straight.

11

12) After a short while you will get to a T-junction with a sign pointing to Hluvukani Satellite Police Station.

Turn LEFT at the T-junction. (Pic 11)

13) After 1 km you will cross over a small bridge. **Just carry on straight.**

14) After 2.3 km's you reach the village of Gottenburg, with a sign on the left showing Gottenburg Clinic. Just go straight through the village. This part of the road could look a bit dodgy at times.

15) Just after Gottenburg **pass over another small cement bridge.** Just carry on straight.

12

16) After 4.3 km's you will reach the T-junction with the tar road where you have to **turn LEFT.** (Pic12)

13

17) Drive 5.4 km's on the tar road to Shalati's gate. (Pic 13)
